## FRATERNITY AND SORORITY LIFE

### **Guidelines for Student Contact by Non-Recognized National Fraternal Organizations**

The Office of Fraternity & Sorority Advising (OFSA) recognizes the educational mission and value of the Greek experience. Therefore, it has established the following guidelines for contacting full-time enrolled students at Lafayette College for the purpose of disseminating information by National Fraternities and Sororities.

#### **Recognition Process for new or previously recognized chapters (Expansion/Extension)**

All inquiries related to the recognition of new or previously recognized fraternities and sororities at Lafayette College should be directed to the OFSA who will provide guidelines concerning the timing and process. If your national organization would like to be contacted about possible opportunities for expansion/extension in the future, OFSA will be the clearinghouse for the collection of information/packets related to expansion/extension. The Recognition process guidelines may also be reviewed at the following location: <https://greeklife.lafayette.edu/wp-content/uploads/sites/89/2012/05/Recognition-Process-2016.pdf>. *Please be advised that any/all recognition processes are to be student driven.*

#### **Process for Electronic Campus Announcements**

All inquiries related to announcements or other initiatives in which information would be shared with a targeted segment of or all Lafayette College students should be made with the OFSA.
